Exploring the local area...

With lots of activities and visitor attractions closeby, we've listed some of our favourites for you to explore and enjoy.

Downs Link

If you love walking or cycling, you'll want to explore the Downs Link. Situated right on our doorstep, it's a 37-mile route which follows two disused railway lines across spectacular countryside crossing the Surrey Hills, the Low Weald, The South Downs and the Coastal Plain.

For lunchtime light refreshments or a delicious evening meal, we've got some of the best Sussex countryside pubs nearby:

The Milk Churn & Firebird Brewery

Rudgwick's converted brickworks is home to a delightful coffee shop and popular brewery plant. Situated adjacent to the Downs Link in Lynwick Street, just North of Rudgwick, it makes an ideal resting point and a golden opportunity to try the Milk Churn's award-winning Sussex Chарmer Cheese and sample a local pint.

Help and advice

If you have any questions, or need help and advice on visiting local attractions and venues, feel free to pop into reception and we'll be pleased to answer any questions and help you make the most of your stay with us.

Our 9 acre site was formerly a topiary garden selling an extensive range of specialist plants. We've worked hard to preserve and develop the flora and fauna within our grounds.

We're thrilled to see great crested newts, dragon flies and other wildlife thriving in and around our ponds. Our woodland areas are home to woodpeckers, owls and wood mice to name just a few residents!
